

S4-6 Assessment Calendar: summer term 2021.

To continue gathering evidence for SQA provisional results, subject assessments will be carried out during the summer term. These will occur in your class time on the dates published on Teams and Show My Homework. Whilst every effort has been made to avoid three assessments in one day, should you find this to be the case, please speak to the Principal Teacher of your second scheduled assessment.

Week beginning	National 5	Higher	Advanced Higher
